

Training Provider Survey Results 2023

At DSW we're led by our values and driven by a passion to deliver an excellent service to all our clients and stakeholders.

Every year we survey each of our ATP clients who have had apprentices complete End-Point Assessment with us. We use this information to discover what's important to our clients, how we measure up and identify how we can be even better.

We believe that our way of working is what differentiates us from our competitors. We're delighted that our client feedback in 2023 confirmed that as we grew, we continued to support our clients while maintaining our way of working.
